Top takeaways from recent Federal updates:

Click on each title for more information

- **FY 2023 Official National Student Loan Cohort Default Rate Briefing:** With COVID flexibilities lifted and official FY2023 CDR rates released, schools should utilize FSA's new training module to update their default management plans before draft FY2024 rates arrive.
- **Guidance on FVT/GE Data Reporting: STATS Early Implementation and Next Steps:** Unreported 2024 and 2025 FVT/GE reporting cycles are now considered delinquent. Institutions have until Friday, January 15, 2027, to submit all missing data.
- **Save the Date – 2026 Virtual FSA Training Conference:** Save the date for the annual FSA Training Conference, taking place December 14–16, 2026, in Maryland for key regulatory training and federal updates.
- **2027–28 FAFSA Specifications Guide:** The 2027–2028 FAFSA is now open for processing, supported by the latest specifications guide to help institutions ensure accurate system setup and integration.
- **(ANN-26-20) Online Training Course – New Learning Tracks on OBBBA Implementation:** FSA released new self-paced learning tracks in the FSA Training Center covering upcoming One Big Beautiful Bill Act changes.
- **(GENERAL-26-58) Federal Perkins Loan Servicer Change – School Transition Information:** Guidance details institutional impacts of the Federal Perkins Loan servicer transition, including key assignment cut-off dates and transfer procedures.
- **(GEN-26-08) Guidance for Educational Institutions on Swatting Threats:** Federal guidance addresses growing concerns regarding swatting threats in educational environments, providing institutions with practical campus safety protocols.

What Financial Aid Offices Need Right Now

Between student communication clashes, peak packaging backlogs, and growing compliance demands, financial aid teams are pushed into constant triage.

FA Solutions provides experienced, flexible operational support and direct expert access—scaling processing, streamlining outreach, and resolving compliance gaps before small issues become big problems.
